## **Freestanding Tub Fillers by Brizo® Elevate the Bath Space**

*Offering coordinates with existing product portfolio for seamless design integration*

**INDIANAPOLIS** – As freestanding tubs continue taking center stage, transforming beautiful bathrooms into high-end sanctuaries, the Brizo brand is pleased to introduce a collection of freestanding tub fillers offered in a variety of distinctive designs. The tub fillers were crafted to coordinate with any style, from stately to modern, and appeal to discerning homeowners who are taking the look and feel of their bathroom to the next level.

“Extreme attention to detail was taken in the development of Brizo freestanding tub fillers,” said Laura Brooks, Brizo senior brand manager. “Not only do they blend well with our existing bath collections, but our freestanding tub fillers incorporate design innovations to help ease installation and improve functionality for a true statement in the bath.”

### **About Brizo Freestanding Tub Fillers:**

- Coordinating styles to fit any décor
  - Two-handle freestanding tub fillers with handshower are offered within the Baliza®, Tresa® and Charlotte® bath collections.
    - Available in three configurations — wall mount, deck mount and floor mount — Brizo freestanding tub fillers can be customized through the selection of coordinating handles, spout and handshower, included in the trim kit.
  - Virage® single-handle freestanding tub filler and handshower with H<sub>2</sub>Okinetic® Technology is offered in Polished Chrome, *Brilliance*® Polished Nickel, Venetian Bronze®, *Brilliance*® Brushed Nickel and *Brilliance*® Brushed Bronze finishes.
  - Odin™ single-handle freestanding tub filler and handshower with H<sub>2</sub>Okinetic® Technology is offered in Polished Chrome and *Brilliance*® Brushed Nickel finishes, as well as a Matte Black as part of the Jason Wu for Brizo™ collection.
  - Siderna® single-handle freestanding tub filler with handshower is offered in Polished Chrome, *Brilliance*® Brushed Nickel and Matte Black finishes.
  - Sotria® single-handle freestanding tub filler and handshower with H<sub>2</sub>Okinetic® Technology is offered in Polished Chrome, *Brilliance*® Polished Nickel, Matte Black and *Brilliance*® Luxe Nickel®.
  - Rook® single-handle freestanding tub filler with handshower features a channel spout and is offered in Polished Chrome, *Brilliance*® Polished Nickel, Venetian Bronze®, *Brilliance*® Luxe Nickel® and a *Brilliance*® Luxe Nickel®/Matte Black split finish.
  - Litze™ single-handle freestanding tub filler and multi-function handshower with H<sub>2</sub>Okinetic® Technology is available with three handle options, lever, t-lever and industrial lever handles, as well as five finishes including Polished Chrome, *Brilliance*® Polished Nickel, *Brilliance*® Luxe Nickel and *Brilliance*® Luxe Gold. The lever handle options are also available in three split finishes, including *Brilliance*® Luxe Nickel® with Polished Chrome, Polished Chrome with Teak and *Brilliance*® Luxe Nickel® with Teak.

- Vettis™ single-handle freestanding tub filler and handshower is offered in Polished Chrome, Matte Black, *Brilliance*® Luxe Nickel® and *Brilliance*® Luxe Nickel with Polished Chrome.
- Innovative Features
  - A high-flow ceramic cartridge allows single-handle freestanding tub fillers to flow at 14.5 gpm and Brizo two-handle freestanding tub fillers to flow at 12 gpm. These higher flow rates reduce the time needed to fill the tub and provide a competitive advantage over models with lower flow rates.
  - An indexing handshower helps to prevent drips on the floor by allowing the user to rotate the handshower to face into the tub when finished.
  - A stretchable metal hose for the adjoining handshowers in a coordinating finish provides added reach from 60 to 82 inches.
  - All Brizo freestanding tub fillers are solid brass construction. The risers for the two-handle freestanding deck mount and floor mount models are insulated to control heat/scalding and condensation.
  - All Brizo freestanding floor mount tub fillers roughs are available with or without integrated stops, that offers numerous features and benefits to simplify installation and set it apart from other freestanding tub fillers on the market today.
    - Creates a more stable connection eliminating the need for an additional support bracket giving Brizo freestanding tub fillers the flexibility to mount next to any tub.
    - Provides leak protection with pre-assembled test caps and gasket on the rough. The test caps allow for a full pressure test of the system for leaks after the rough is installed and the gasket provides added leak protection by isolating the living space from the crawl space or ceiling below.
    - The trim raises with the finished floor allowing for constant spout height no matter the thickness of floor.

### **About the Brizo® Brand**

Brizo is a luxury fittings brand for those who understand that fashion isn't only about the clothes they wear – it's a lifestyle. The Brizo product team designs and crafts distinctive kitchen and bath suites that artfully blend form and function, transforming minds, moods and spaces. This approach has elevated the Brizo brand and its fashion-forward collections, many of which have been recognized by various outlets and organizations, including Design Journal with its Adex Gold Award™ and the Red Dot Award™. Rooted in fashion and design, the Brizo brand has been a primary sponsor for fashion designer Jason Wu since 2006 and a national sponsor of the St. Jude Dream Home® Giveaway since 2010. Brizo is the luxury brand of fittings and accessories within the portfolio of Delta Faucet Company, a WaterSense® manufacturer partner of the U.S. Environmental Protection Agency. Brizo products are available exclusively through fine kitchen and bath showrooms. For more information or to locate a showroom, visit [www.brizo.com](http://www.brizo.com) or call 877-345-BRIZO (2749).
