**Brizo® Hydrati® 2|1 Showers Provide the Luxury of Two Showers at Once**  
*New two-in-one design offers convenience and flexibility in the shower*

**INDIANAPOLIS** – Design, performance and flexibility are artfully combined in the new Brizo® Hydrati® 2|1 shower, featuring a showerhead design with a convenient integrated handshower held in place using MagneDock® Technology. Both the showerhead and the handshower incorporate H<sub>2</sub>Okinetic® Technology, an innovative technology that sculpts the water into a unique wave pattern, creating the feeling of more water without using more water. The detachable handshower can run separately from, or simultaneously with, the showerhead, providing the warmth of two streams of water at once, as well as the flexibility to accomplish tasks, such as bathing children, cleaning the shower or washing pets.

“The Hydrati® 2|1 shower is perfect for anyone that who wants to add more functionality to their shower, but doesn’t want to completely renovate the space,” said Kristen Baum, Brizo product manager. “With a detachable handshower integrated into the showerhead, the homeowner doesn’t need to go behind the wall to create a custom shower experience.”

- H<sub>2</sub>Okinetic® Technology
  - This innovative technology sculpts the water into a unique wave pattern, creating the feeling of more water and a warmer, more luxurious spray that blankets the body. The science behind H<sub>2</sub>Okinetic® Technology creates a shower experience like no other. Each H<sub>2</sub>Okinetic showerhead, handshower and body spray with H<sub>2</sub>Okinetic® Technology contains an internal system that controls the speed, movement and droplet size of the water, which creates the feeling of more water than a standard shower flowing at the same rate.
  - All of the Hydrati® 2|1 shower models feature H<sub>2</sub>Okinetic® Technology.
- MagneDock® Technology
  - MagneDock® Technology helps keep the detachable handshower firmly in place when not in use using a magnetic docking system. A gentle pull releases the handshower from the showerhead, offering complete flexibility. As it is raised for docking, the integrated magnet directs the handshower precisely into place.
- Four-Function Spray
  - The detachable handshower features a push button spray selection with four functions, including H<sub>2</sub>Okinetic® spray, H<sub>2</sub>Okinetic® spray with massage, massage spray and pause. The user can conveniently activate the flow of water, pause water flow and easily switch between functions.

- Luxurious flow rate
  - Hydrati® 2|1 Showers are available with a flow rate of 2.0 or 2.5 gallons per minute (gpm) regardless of whether you are using only the handshower, showerhead or both at once.
- Stretchable Metal Hose
  - The handshower features a 60-inch finished metal hose that conveniently stretches to 82 inches.
- Variety of available finishes
  - Hydrati® 2|1 Showers are available in a variety of Brizo finishes, including: Polished Chrome, *Brilliance® Luxe Nickel™*, *Brilliance® Polished Nickel*, Matte Black, Venetian Bronze®, *Brilliance® Luxe Gold™*, *Brilliance® Brushed Bronze*, *Brilliance® Brushed Nickel*, *Brilliance® Luxe Nickel™* with Matte Black accents, and Cocoa Bronze™ with Polished Nickel.
