**Rook® Kitchen Collection by Brizo® Delivers Classic, Yet Contemporary Elegance**  
*New kitchen suite reminiscent of early 20<sup>th</sup> century aesthetic*

**INDIANAPOLIS** – The new Rook® Kitchen Collection by Brizo® exudes stately elegance at every turn, boasting classic craftsman style reminiscent of an early 20<sup>th</sup> century aesthetic, and contemporary, feminine touches that elevate and modernize the look. Borrowed from a piece of a classic chess set, the name “Rook” alludes to calculated design choices and comes to life in features such as the new articulating bridge configuration, which provides visual intrigue and convenience in the kitchen space, and the crisp edges of the hexagonal base that recall the architecture of classic hardware.

Graceful curves complement precise angles, creating an exquisitely calculated balance, while chamfered handles and the soft, flowing sweep of the spout add contemporary nuances to a traditional silhouette. A dedication to quality is evident in every detail. From the metal buttons on the three-piece wand to the magnetic handles, which ensure a precise fit without the need for set screws.

“In the game of chess, you sometimes have to retreat in order to advance. The same is true of design,” said Seth Fritz, Brizo senior industrial designer. “The Rook Collection is a perfect illustration of this: a forward-thinking suite that’s nevertheless rooted in traditional American craftsmanship.”

The Rook Kitchen Collection offers a suite of products, including:

- Pull-Down Kitchen Faucet
- Pull-Down Prep Faucet
- Bar Faucet
- New Articulating Bridge Faucet
- Deck and Wall Mount Pot Fillers
- Accessories:
  - Soap/Lotion Dispenser
  - Escutcheon
  - Hole Cover

To ensure an elevated culinary experience, optional SmartTouch® Technology on the Pull-Down and Pull-Down Prep Faucets activates water flow with a simple tap, while integrated TempID® Technology indicates temperature with an innovative LED light that changes color from blue to magenta to red as the water warms. The collection also features a two-function spray wand on the Pull-Down, Pull-Down Prep and Articulating Bridge Faucets that is securely locked back into place using MagneDock® Technology.

Perfect for a traditional culinary space, the suite represents the debut of the new *Brilliance*® Polished Gold finish, and is also available in Polished Chrome, *Brilliance*® Stainless, *Brilliance*® Luxe Gold™ and *Brilliance*® Luxe Steel™ finishes. Additionally, the distinctive exposed hose of the Articulating Bridge Faucet is available in black or a coordinating metal finish for a truly customizable kitchen design.
