## **The Solna® Kitchen Collection by Brizo® Enhances the Sleekest Kitchen Designs**

Lower-rise contemporary design offers more flexibility for small spaces and urban environments

**INDIANAPOLIS** – The Solna® Kitchen Collection by Brizo® takes contemporary to a new level, boasting crisp lines influenced by Scandinavian furniture. With faucet configurations to suit multiple design styles, this versatile collection is the perfect complement for nearly any kitchen.

Introduced in March 2011, Solna was lauded by discerning designers and homeowners for the integration of a seamless hidden wand on the pull-down kitchen faucet. Now, the popular collection includes a pull-out faucet, perfect for compact spaces where high-arc models may not be a fit, as well as an articulating faucet available with optional SmartTouch® Technology, allowing users the option to activate the flow of water with a simple touch anywhere on the spout, hub or handle.

“Featuring a sleek, tubular design, the Solna® kitchen faucet is a popular choice for modern spaces, blending seamlessly in minimalist settings and urban spaces,” said Sarah Schlifke, Brizo product manager. “The pull-out design appeals to this same sensibility, but has a low-rise profile to offer more flexibility in homes where space above the sink is limited.”

### **About the Solna® Kitchen Collection**

- Expanded collection
  - In addition to its new articulating model, the Solna® kitchen collection features single-hole, single-handle pull-out and pull-down kitchen and prep configurations.
  - The full collection is offered in Polished Chrome, *Brilliance*® Stainless and Matte Black finishes. Matte White is also available on pull-down models.
- Optional SmartTouch® Technology
  - Solna single-hole, single-handle pull-down kitchen and bar/prep faucets are available with SmartTouch Technology.
  - The Brizo brand’s exclusive, first-to-market technology allows you to activate the water flow with a simple touch to the faucet body, spout or handle.
  - The touch-sensitive faucet can keep water at a constant temperature and pressure from task to task. This unique functionality makes it easy to activate the water flow only when needed, helping to reduce water usage.
  - The flexible operation of touch faucets promotes safe food handling by helping to reduce the potential for cross-contamination.
- MagneDock® Technology
  - MagneDock® Technology utilizes a powerful magnet to securely lock the wand into the faucet spout, making the wand extremely easy to engage and disengage, and allowing the faucet to maintain its clean, sleek appearance when the wand is docked.
- DIAMOND Seal® Technology
  - DIAMOND Seal® Technology uses a diamond coated valve to bring a faucet built to last up to five million uses. The valve requires no lubrication, eliminates wear on seals, and ensures “like new” operation for life lasting up to 10 times the industry

standard.<sup>1</sup> The InnoFlex waterways eliminate potential leak points and are less hassle to install.

### **About the Brizo® Brand**

Brizo is a luxury fittings brand for those who understand that fashion isn't only about the clothes they wear – it's a lifestyle. The Brizo product team designs and crafts distinctive kitchen and bath suites that artfully blend form and function, transforming minds, moods and spaces. This approach has elevated the Brizo brand and its fashion-forward collections, many of which have been recognized by various outlets and organizations, including Design Journal with its Adex Gold Award™ and the Red Dot Award™. Rooted in fashion and design, the Brizo brand has been a primary sponsor for fashion designer Jason Wu since 2006 and a national sponsor of the St. Jude Dream Home® Giveaway since 2010. Brizo is the luxury brand of fittings and accessories within the portfolio of Delta Faucet Company, a WaterSense® manufacturer partner of the U.S. Environmental Protection Agency. Brizo products are available exclusively through fine kitchen and bath showrooms. For more information or to locate a showroom, visit [www.brizo.com](http://www.brizo.com) or call 877-345-BRIZO (2749).
