The Tresa® Kitchen Collection by Brizo®
Collection Delivers Timeless, Elegant Design Across Broad Faucet Offering

INDIANAPOLIS – Inspiration from the past often influences designs of the future. Such is true of the Tresa® Kitchen Collection by Brizo®, with classical, traditional designs inspired by early European fountains. The collection includes a broad range of faucet options that delivers uncompromised aesthetic design and luxurious attention to detail.

“Tresa's design is influenced by ancient water pieces; however, its functionality is all about meeting the needs of modern homeowners,” said Judd Lord, Brizo senior director of industrial design. “The collection comes from the cross-section of distinctive design and inventive technology and is geared toward the traditional-minded homeowner who wants as many options as possible to design a dream room.”

Complementing its traditional look, the Tresa Kitchen Collection features a number of exclusive Brizo technologies:

- DIAMOND Seal® Technology uses a diamond coated valve to bring a faucet built to last up to five million uses. The valve requires no lubrication, eliminates wear on seals, and ensures “like new” operation for life lasting up to 10 times the industry standard.¹ The InnoFlex waterways eliminate potential leak points and are less hassle to install.

The Tresa bridge kitchen faucet with side sprayer uses an under-the-deck diverter which eliminates the need for a center post above the deck. The one-piece cast brass waterway on Tresa bridge kitchens and bar/preps delivers a seamless, beautiful aesthetic uninterrupted by the lines from brazed joints or coupling nuts. This also serves to reduce potential leak points and is a perfect example of the level of detail synonymous with Brizo.

The Tresa Kitchen Collection offers a full line of traditionally styled kitchen and coordinated prep faucets:

- Single-handle, single-hole kitchen faucet with and without side spray
- Two-handle, single-hole kitchen faucet with and without side spray
- Two-handle bridge kitchen faucet with and without side spray
- Two-handle bridge prep faucet
- Two-handle prep faucet

Rounding out the collection is a line of coordinated accessories including a soap dispenser, bud vase, optional escutcheon and a decorative hole cover. The Tresa Kitchen Collection is available in five finishes: Polished Chrome, Venetian Bronze®, *Brilliance*® Stainless, *Brilliance*® Polished Nickel and *Brilliance*® Brushed Bronze.

¹ Standard based on ASME 112.18.1 of 500,000 cycles

About the Brizo® Brand

Brizo is a luxury fittings brand for those who understand that fashion isn't only about the clothes they wear – it's a lifestyle. The Brizo product team designs and crafts distinctive kitchen and bath suites that artfully blend form and function, transforming minds, moods and spaces. This approach has elevated the Brizo brand and its fashion-forward collections, many of which have been recognized by various outlets and organizations, including Design Journal with its Adex Gold Award™ and the Red Dot Award™. Rooted in fashion and design, the Brizo brand has been a primary sponsor for fashion designer Jason Wu since 2006 and a national sponsor of the St. Jude Dream Home® Giveaway since 2010. Brizo is the luxury brand of fittings and accessories within the portfolio of Delta Faucet Company, a WaterSense® manufacturer partner of the U.S. Environmental Protection Agency. Brizo products are available exclusively through fine kitchen and bath showrooms. For more information or to locate a showroom, visit www.brizo.com or call 877-345-BRIZO (2749).
