The Venuto® Kitchen Collection by Brizo® Blends Technology and Design Modern faucet features SmartTouch® Technology and MagneDock® Technology

INDIANAPOLIS – Designed under the philosophy that a faucet should be both beautiful and functional, the Venuto® Kitchen Collection by Brizo® has become a focal point for any kitchen. Featuring strong lines and a geometric appearance, its smart features, including optional SmartTouch® Technology and MagneDock® Technology, help bring a new level of convenience to the kitchen.

SmartTouch® Technology enables home epicureans to simplify tasks and increase efficiency in the kitchen during food preparation and cleanup. This unique functionality makes it easy to turn the faucet on only when needed, which helps to reduce water usage. As an additional convenience, the integrated TempID™ temperature-indicating LED light at the base of the faucet changes from blue to magenta to red, visually indicating the temperature of the water to the user.

“If hands are full or dirty, the flow of water can be started easily with the touch of a forearm or wrist anywhere on the faucet.” said Laura Brooks, Brizo senior brand manager. It’s also helpful for cooking enthusiasts who are environmentally aware, as the faucet can easily be turned off when water is not needed between tasks.

About the Venuto® Kitchen Collection:

- Products
 - Single-handle kitchen faucet with optional SmartTouch Technology
 - Single-handle prep faucet with optional SmartTouch Technology
 - Complete line of coordinating accessories including a bud vase, soap dispenser and optional escutcheon
- Optional SmartTouch® Technology
 - SmartTouch Technology allows you to activate water flow with a simple touch to the faucet body, spout or handle, making it easy to activate water flow only when needed, helping to reduce water usage and increase efficiency of motion. The touch-sensitive operation can distinguish between a tap to activate water flow and a grasp to maneuver the faucet position. And for additional functionality, integrated TempID® Technology lets you know how warm or cool the water is with an LED light that changes color as the temperature changes.
- MagneDock® Technology
 - MagneDock® Technology utilizes a powerful magnet to securely lock the wand into the faucet spout, making the wand extremely easy to engage and disengage, and allowing the faucet to maintain its clean, sleek appearance when the wand is docked.
- DIAMOND Seal® Technology
 - DIAMOND Seal® Technology uses a diamond coated valve to bring a faucet built to last up to five million uses. The valve requires no lubrication, eliminates wear on seals, and ensures “like new” operation for life lasting up to 10 times the industry

standard.¹ The InnoFlex waterways eliminate potential leak points and are less hassle to install.

- Touch-Clean[®] Technology
 - Touch-Clean[®] soft rubber spray holes allow users to easily wipe away calcium and lime build-up from the spray face of the faucet with the touch of a finger.

The Venuto collection is available in three exciting finishes, Polished Chrome, *Brilliance*[®] Stainless and *Brilliance*[®] Stainless and Matte Black with Soft-Touch[®].

About the Brizo[®] Brand

Brizo is a luxury fittings brand for those who understand that fashion isn't only about the clothes they wear – it's a lifestyle. The Brizo product team designs and crafts distinctive kitchen and bath suites that artfully blend form and function, transforming minds, moods and spaces. This approach has elevated the Brizo brand and its fashion-forward collections, many of which have been recognized by various outlets and organizations, including Design Journal with its Adex Gold Award™ and the Red Dot Award™. Rooted in fashion and design, the Brizo brand has been a primary sponsor for fashion designer Jason Wu since 2006 and a national sponsor of the St. Jude Dream Home[®] Giveaway since 2010. Brizo is the luxury brand of fittings and accessories within the portfolio of Delta Faucet Company, a WaterSense[®] manufacturer partner of the U.S. Environmental Protection Agency. Brizo products are available exclusively through fine kitchen and bath showrooms. For more information or to locate a showroom, visit www.brizo.com or call 877-345-BRIZO (2749).
