

BRIZO[®]

2020 COLLECTION REFERENCE GUIDE

FASHION

ISN'T JUST

ABOUT

CLOTHES.

IT'S

A

LIFESTYLE.

*IT'S THE CULTURE WE
EXPERIENCE, the places
we travel, the things we eat—
and yes, the way we design
our homes.*

For those who embrace fashion as a lifestyle,
every choice they make is an opportunity to make
a statement. To put their taste and perspective on
display. To elevate their surroundings—and inspire
those around them.

Those people aren't just wearing fashion;
they're living it.

REDEFINING
THE LUXURY
KITCHEN.

A statement piece. A center of attention. A finely crafted tool for self-expression. A Brizo® kitchen faucet is all of these—combining leading-edge design with exceptional functionality—to elevate any culinary space.

EVERY PRODUCT IN A BRIZO KITCHEN COLLECTION IS DESIGNED TO CREATE A STRIKING FORM—STANDING OUT IN ANY SPACE.

Kitchen Faucets
Design is only the beginning. A luxury faucet should be as functional as it is beautiful—innovating beyond what the eye can see by putting water activation at your fingertips with SmartTouch® Technology or bringing unmatched versatility to your workflow with the Articulating Kitchen Faucet.

Bar and Prep Faucets
Continue the distinctive style of a collection throughout a room with coordinating bar and prep faucets.

Pot Fillers
The perfect complement in any kitchen—wall and deck mount pot fillers make it easy to fill large cooking vessels quickly with a flow rate twice that of kitchen faucets.

Beverage Faucets
A beverage faucet acts as an ideal partner to a water filtration or R/O system or simply as an independent cold water tap.

Accessories
Every element in the kitchen—from soap pumps to towel hooks—comes together to create a cohesive look. True luxury is knowing even the smallest details have been designed to perfection.

AN INDULGENT EXPERIENCE. THE LUXURY BATH.

For some, it's a place to set trends. For others, it's a place to retreat, a tranquil sanctuary. Whatever you're seeking, Brizo® bath collections are designed to make a statement.

WITH A FULL ARRAY OF PRODUCT OFFERINGS, YOU CAN CREATE A COHESIVE SPACE THAT COMPLETES ANY VISION FOR THE BATH.

Lavatory Faucets
A variety of design styles and handle configurations—including single-handle, two-handle, wall mount and vessel—means the only limit is your imagination. Models with 1.2 gpm (ECO) flow rate are available to address state-specific water efficiency requirements.

Tub Fillers
Roman tubs and tub fillers create stunning focal points for a relaxing, spa-like experience.

Showers
Create an escape with a Brizo® shower and add handshowers, showerheads and/or body sprays for a completely custom, completely indulgent experience.

Accessories & Grab Bars
Enhance the space with functional accents. A range of accessories and grab bars complete the look of any room.

INNOVATION *for the kitchen*

SMARTTOUCH® TECHNOLOGY

Allowing you to activate water flow with a simple touch to the faucet body, spout or handle, SmartTouch Technology brings a new level of convenience to the kitchen.

DIAMOND SEAL® TECHNOLOGY

DIAMOND Seal Technology uses a diamond-coated valve built to last up to two times longer than the industry standard (based on ASME 112.18.1 of up to 500,000 cycles).

MAGNEDOCK® TECHNOLOGY

MagneDock features a patented, state-of-the-art magnetic docking system to securely hold the spray wand in place when not in use.

ARTICULATING FAUCET

Available with either a finished or exposed hose, the Articulating Faucet offers a larger range of movement than a traditional pull-down faucet.

WATER EFFICIENCY

Brizo® offers a wealth of kitchen products that meet or exceed CALGreen standards, maximizing water efficiency without compromising the user experience. The maximum flow rate for all Brizo kitchen faucets is 1.8 gpm (6.8 liter/minute), compared to the industry standard of 2.2 gpm (ASME.A112.18.1/CSA.B125.1).

VOICE ACTIVATION

With Brizo Voice Activation Technology, luxury answers to you. Command your faucet to turn on and off, warm up the water, or dispense exactly the right amount of water—all without lifting a finger. You can even create custom presets to fill specific containers easily.

INNOVATION *for the bath*

HYDRACHOICE MAX® BODY SPRAY SYSTEM

The HydraChoice Max® Body Spray System offers the clean lines of a flush mount design with maximum flexibility. The spray heads extend automatically when water is activated and can be adjusted 50 degrees in any direction.

TEMPIQ® TEMPERATURE CONTROL TECHNOLOGY

TempIQ Temperature Control Technology maintains a consistent water temperature with no sudden changes by sensing the water temperature before it leaves the spout and continually adjusting the hot and cold water mixture.

H₂OKINETIC® TECHNOLOGY

By controlling water's shape, velocity and thermal dynamics, we've reinvented the showering experience—creating a warmer, more luxurious spray that provides the feeling of a high-flow spray with a fraction of the water.

WATER EFFICIENCY

Working with state and local municipalities, we ensure Brizo products are compliant with evolving regulations, including 1.2 gpm (ECO) lavatory faucets and 1.75 gpm showerheads to address state-specific water efficiency requirements. Brizo also has a large offering of WaterSense® labeled products, which use 20% less water than their less-efficient counterparts, while maintaining the high standards of performance expected from a Brizo fixture.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.

DESIGNING FOR THE FUTURE.

Innovation inspires everything we do—from breakthrough SmartTouch® Technology to the Articulating Kitchen Faucet. Fashion never stands still, and neither do we.
