KITCHEN FAUCET
WITH SMARTTOUCH®
TECHNOLOGY

*One breakthrough
advancement deserves another.*

Brizo has already redefined what “state-of-the-art” truly means in a culinary space with SmartTouch Technology® and the Articulating Kitchen Faucet. Now, for the first time, both of these advanced innovations are available in the same faucet—allowing you to take control of common kitchen tasks like never before.

Effortless in every way.

With SmartTouch Technology®, touch anywhere on the faucet’s base, handle or arm to turn water flow on or off. And for unparalleled versatility, the articulating arm can be positioned virtually anywhere—making the Articulating SmartTouch® Faucet the ultimate kitchen assistant.

*Two forward-thinking
innovations. Two forward-
looking collections.*

Articulation that adapts to the way you work and water that flows with a simple touch using SmartTouch® Technology. With the Artesso® and Solna® Articulating Kitchen faucets by Brizo, you can choose which of these advanced technologies you want—or, for the first time, enjoy both of them in the same faucet.
